

WANTED
BACK END DEVELOPER
FULL TIME, BERLIN

Us

[NEUFUND](#) is disrupting the venture-capital industry by managing equity on a community-owned fundraising platform. We bridge the worlds of venture capital and the crypto space by tokenizing private equity and enabling smart contract based investments. More about Neufund at [Techcrunch](#), [NYTimes](#), [Cointelegraph](#) and on our github.com/Neufund. You can also read our latest whitepaper [here](#).

Our technology stack includes *React, Typescript, Ethereum, Solidity, Python 3, Flask, Celery, SQLAlchemy, IPFS, PostgreSQL, RabbitMQ...*

We expect you to be knowledgeable in one or more of these areas, and be eager to learn about the others.

You

- Have experience with Python, Flask, RabbitMQ and Celery
- Are able to work with internal and external APIs
- Want to work on the forefront of blockchain (Ethereum) and open source
- Are able to come up with original and elegant solutions to problems
- Are an expert in at least one language domain, preferably more
- Like to work in an agile energetic startup environment
- Will receive extensive help moving to Berlin if needed
- Will receive a competitive salary in Berlin
- Will be part of the generous employee stock options plan.
(And it's the world's first one implemented in smart contracts!)
- Will be part of a strong international team (we speak mostly English)

Why you should join us

- **COMPETITIVE COMPENSATION:** We value your work and recognize relevant work experience. You can expect a higher salary than you would receive in Berlin's startups.
- **TEAM CULTURE:** At Neufund we have established a creative, supportive and

inclusive work environment. We want this to stay this way, so a cultural fit is equally important to us as your qualifications and experience.

- **DIVERSITY:** We are proud to have co-workers from 5 continents. No matter where you're from or who you are, all applications will be considered equally.
- **FREE FOOD:** Twice a week we serve healthy team lunches at our office, and, of course, free coffee, tea and snacks are available all day long.
- **FREE SPORT:** We offer free Yoga next to our office every Tuesday and Thursday, and we will provide a membership at urban sports club which gives you access to hundreds of sports venues in Berlin and other German cities.
- **FLEXIBLE WORKING HOURS:** We offer a Flexi Friday. This is a modern concept to allow home office on Friday or a complete day off - if you choose to compensate it over the weekend.
- **GROW WITH US:** While Neufund grows, we want you to grow with us. We encourage you to take on new responsibilities and roles if you are ready for your next challenge and support your development offering external career coaching at no extra cost for you. We offer a mindfulness program that contributes positively to your well being and happiness.
- **BONUSES:** To receive discretionary bonuses in cryptocurrencies at Neufund you will receive a cold wallet in the form of a Ledger Nano S.
- **BEAUTIFUL WORKPLACE:** We have a beautiful office loft, right next to the Spree on the border between two of Berlin's nicest neighborhoods: Friedrichshain and Kreuzberg. Did we mention our two huge balconies?
- **ESOP:** You will participate in Neufunds success by joining our Employee Stock Option Program

Do you think that we will get along well?

Contact us directly on: jobs@neufund.org

Looking forward to hearing from you!
